

Cañones Home Building

Here we've put together a few sections illustrating various house things.

1. The Plan

The site plan topo superimposed over satellite image of the land

The Phase I plan. This is the bedroom that is being built first so that we have a comfortable place to stay whilst working on the rest of the house

It's all legal part1 and part2.

2. Creating the foundation for the bedroom took all this

Dig it! (the easy way)

Dig it! (ad nauseum) (200 Kb animated gif)

True to form

Foaming at the mouth

Radiant heat

After a long haul, staging the pour

The foundation has landed

3. Documenting more of the construction progress.

Here's the framing

Here's the stucco

4. Simulations

And here're a few computer-generated simulations of the future interior
